### FORD PLAN TO BUY MUSCLE SHOALS IS ASSAILED AS FRAUD

House Report Says He Offers U. S. \$5,000,000 for Property Costing \$85,487,900.

#### "FRENZIED FINANCE."

Called One of Most Insidious Propagandas Nation Has Witnessed.

WASHINGTON, June 20.—Henry Ford's offer to purchase and lease the Government's power and nitrate projects at Muscle Shoals, Ala., was attacked to-day in a report to the House prepared by Representative Kearns, Republican, Ohio, and signed by Representatives Morin, Pennsylvania, Parker, New Jersey, Crowther, New York, Frothingham, Massachusetts, and Ransley, all Republican members of the House Military Committee. The report declared dissatisfaction with opinions already presented by other members of the committee and announced that the signers were determined to tell "the people" the "real facts about Muscle Shoals and the so-called Ford offer."

Representatives Kearns said Representatives Parker and Frothingham signed the report although they, previously had endorsed another minority opinion. He expected two other committee members would sign later, he said, making a total of eight Republican signatures on the report.

Declaring the belief that "the country little understands what it is that Mr. Ford is offering to do, or what, if anything, he is offering for this great plant," the signatories first denounce what they describe as "one of the most insidious propagandas that the Nation has witnessed for many a day."

Many of the Ford advocates, the report says, have been misled as to facts of the offer and points to the provision by which fertilizers would be manufactured and says that despite "persistent reports that he will compel the fertilizer manufacturers of the country to sell their product at one-half of what they are now selling it," Mr. Ford "does not agree to make fertilizers at all unless he can make them with a profit to himself."

The committee declare "this is a hollow promise made to enlist the support of the farmer and not founded on any fact either contained in the contract or existing outside the contract," and charge that propagandists fail to tell the people that "the principal business of Mr. Ford, should he get this gigantic plant, would be the manufacturing of other articles, which he would be allowed to sell at any price that he might see fit."

HOLLOW PROMISE TO ENLIST AID OF FARMER. "The only thing that is kept before the public," the report continues, "is that he is to make fertilizer and sell it cheaply to the farmer, only charging for himself a profit of 5 percent on the production. No one has ever suggested how he could make fertilizers and sell them cheaply, or

### Stormont Castle, "White House" Of Ulster, Fired On at Night

Sir James and Lady Craig Were Asleep During Attack, Having Just Moved In.

BELFAST, June 20 (Associated Press).—Shots were fired early to-day in the vicinity of Stormont Castle, which was purchased by the Ulster Government as the official residence of Sir James Craig, the Premier, who with his wife took up his residence there for the first time last evening. It developed this afternoon that the attack on the Premier's home was even more serious than at first

### Pro-Treaty Candidates Win 47 Seats and Republicans 26; Labor Gets 10, Independents 12

Countess Markievicz Loses, Figgis, Whose Whiskers Were Cut, Wins—Dublin 7-1 for Treaty.

DUBLIN, June 20 (Associated Press).—The position of the various parties in the Irish Parliamentary elections so far as reported in returns received up to 5 o'clock this afternoon were as follows: Coalition Pro-Treaty, 47; Coalition Republicans, 26; Labor, 10; Independents, 12.

The returns show that 72,285 electors in the City of Dublin voted for panel and independent candidates favorable to treaty and 10,920 for the Republican panel nominees. In Wexford, Alderman Richard Corish, Pro-Treaty Labor, was elected.

In North, Mid and South Tipperary those elected were: James Burke, Pro-Treaty; Daniel Morrissey, Labor; Joseph MacDonagh, Anti-Treaty; Patrick Moloney, Anti-Treaty. In Cork, Michael Hennessey, Independent Pro-Treaty, was elected to the third seat in the East and Northeast Cork district.

In Cavan Arthur Griffith, President of the Dail Eireann, was elected, receiving 13,101 votes; W. L. Cole, Panel Anti-Treaty, 6,490, and Sean Milroy, Pro-Treaty, 6,030, were also elected. In the Leitrim and Offaly division of old Kings and Queens Counties William Gavin, Labor Pro-Treaty, headed the poll. Kevin O'Higgins, Panel Pro-Treaty, a member of the delegation that recently accompanied Arthur Griffith to London, and F. Dulfer, Panel Pro-Treaty, were also elected on the first count. Fourth place was between Dr. Patrick McCartan, former Republican envoy to the United States, and J. P. Lynch, with Dr. McCartan's chances the better.

As a protest against alleged irregularities in the Sligo and East Mayo elections the independent candidates, Hinner and McGowan, have withdrawn from the counting and have protested to President Griffith. Those declared elected are McCabe, Devins, Carty and Dr. Ferrar. Fifth place is in contest between Tom O'Donnell, Coalition Treaty, and John Hennessey, Independent.

George Cavan Duffy has been elected from Dublin County; Cathal O'Shannon, Independent-Labor, from Meath.

Dublin City voted heavily against the treaty opponents. Its twelve seats in the Dail Eireann were held by seven treaty advocates and five by anti-treaty. The seven treaty votes won, but four of the anti-treaty votes were dependent candidates who favor the treaty, and one of whom is a Laborite. The only adherent of Eamon de Valera to come through safely is Sean O'Connell (John O'Kelly's former Sinn Fein representative in Paris, who, although low on the list of first preferences, got in after repeated distributions.

### BOYS SAVE DORCAS HOME IN MIDNIGHT BLAZE

Matron Organizes Boys Into Bucket and Hose Brigade.

CHICAGO, June 20.—How a group of seven and eight-year-old children saved the Dorcas Home for Children at Highland Park from fire at midnight became known to-day.

The fire was discovered in the coal bin in the basement. Mrs. Ann Arlin rang the bells for a fire drill. With the children all outside, Mrs. Arlin left the older girls in charge of the infants and organized a bucket brigade among the boys.

The young firefighters removed two tons of burning coal from the basement and extinguished the flames with a hose. The fire was out when outside aid arrived.

### HARDING FIGHTS POLITICIAN-MADE TARIFF MEASURE

Would Keep It Free of Special Privilege and Party Interests.

By David Lawrence.

(Special Correspondent of The Evening World.)

WASHINGTON, June 20 (Copyright 1922).—As the climax approaches in the debate over the tariff, President Harding finds himself confronted with a choice between surrendering to Congress on the question of elasticity and flexibility in the making of tariff rates hereafter, or making a determined fight for the extension to the Executive, or a tariff commission, of power to correct such inequities as may develop in the actual working out of rates in the pending bill.

For Congress will not, of its own accord, deviate from the course followed in the past—namely the making of a political tariff, and only the impetus to be furnished by Executive appeal to public opinion can take the tariff out of politics.

Many times in the last few decades have public men advocated the removal of the tariff from partisan influence, on the ground that tariff rates made by Congress reflected the political desires of the most influential groups. To correct these, Congress would necessarily have to keep constantly revising the tariff upward or downward as circumstances require. President Harding has heard many complaints that the high Tariff Bill, now in the Senate, would injure American foreign trade. His pet measure, the Merchant Marine Bill is already being attacked by Democrats, on the ground that no subsidy in the world will enable American ships to compete with foreign ones.

### FORMER U. S. VESSEL NOW PRISON SHIP FOR SINN FEINERS

BELFAST, June 20 (Associated Press).—The former United States Shipping Board vessel Argenta has been refitted as a prison ship in which to confine the Sinn Feiners captured by the Ulster Government in its recent round-up.

Six hundred cubicles or cells have been built, wire netting being used extensively. The vessel, which will be stationed in Belfast Lough, will be ready soon.

Accommodations for the prisoners are provided by the dunnage deck, running for half the length of the ship. The compartments are divided by steel wire netting and will have electric fans for air renewal. Iron bunks are provided with wire springs and mattresses of straw.

### MOB TRIES TO HANG WIFE BEATER, BUT POLICE RESCUE HIM

Jersey City Crowd Gathers When Woman Flees House Moaning in Pain.

#### RESERVES JUST IN TIME.

Husband Held and Innocent Friend Freed After Both Are Badly Beaten.

Mrs. Josephine Mallisak, No. 360 Grand Street, Jersey City, bleeding from wounds in the head, ran out of her home this morning, collapsed on the steps and moaned that her husband had struck her.

Several persons were passing and one of them called Patrolman Ackerman, who went upstairs and arrested the husband, John Mallisak, and his friend, John Chmansk, of No. 359 Grand Street.

Meanwhile a crowd had been gathering about the injured woman and when the policeman came out with his two prisoners they were immediately taken from him by force. Both were badly beaten and somebody in the crowd cried:

"Lynch 'em. . . Get a rope."

The cry was taken up and a group of men hurried away, supposedly to find a rope. Cooler heads, however, realized the danger and somebody sent a hurry call to Police Headquarters. Reserves arrived within a few minutes and the two men were rescued from the mob. They and the woman were then taken to the City Hospital.

The husband was treated for many bruises and then locked up. Chmansk is believed to have a broken nose. He was released after the woman said he had nothing to do with the assault on her. She was found to have a severe scalp wound which required several stitches.

She made a formal complaint against her husband, charging him with atrocious assault. She said they had an argument and he struck her with a pitcher.

### PRESIDENT ABANDONS JOURNEY TO ALASKA

White House Says Mrs. Harding Can't Make Trip.

WASHINGTON, June 20.—President Harding's tentatively projected Alaskan trip this summer has been abandoned. It was definitely announced to-day at the White House.

The President was said to regret greatly that he saw no possibility of leaving Washington under prevailing conditions in public business and legislative matters.

### Cancer Cure by Radio Current Described by Chicago Surgeon

Dr. Clark Tells American Institute of Electric Scalpel—Patient on Street in Five Days.

(Special to The Evening World.)

CHICAGO, June 20.—A cure for cancer by the use of radio currents was announced before the meeting of the American Institute of Electromyopathy which is holding its seventy-eighth session at the Drake Hotel.

Dr. T. Howard Plank of Chicago, who performed the first treatments two weeks ago and who has the only machine in existence, told of his work.

"I use an electric scalpel," Dr. Plank told delegates to the convention, "the current in which is the same as that used in sending radio messages. The electric scalpel is a departure in bloodless surgery."

"I have performed the operations with the radio current. The patient is rendered unconscious with sleep. The operation is performed and the patient is out of bed in four or five days and on the street within a week or ten days."

"Cancer operations with the knife have heretofore required two or three weeks in a hospital, and it was often

### Escaped Convict Is Captured At Harmon After Hiding 36 Hours In Baseball Stand at Sing Sing

Eludes Guards by Swimming Around Prison Wall, but Is Caught After Battle With Baggage Man.

Charles Greer, the convicted murderer who escaped from Sing Sing Prison late Sunday night, did not leave the grounds until 4 o'clock this morning and was captured shortly after 9 A. M. to-day about 3 1/2 miles north of Sing Sing at Harmon, N. Y.

Greer's arrest was brought about by railroad men, one of whom saw him, water soaked and mud spattered, in a clump of woods about a half mile north of the Harmon station.

"While detectives, guards, policemen, sheriffs and troopers were looking everywhere for me," young Greer said, "I was hiding under the grandstand in the prison ball field. All that bothered me was hunger and the rain. I am wet all through."

Harry Sharp of Groton, a platform hand at the Harmon station, was the first to see Greer and identify him as perhaps the escaped convict. Sharp was coming down the track to work at 8:20 when he saw the young man in the woods.

Sharp did not tell Greer of his suspicions but continued on to Harmon and told Station Agent William E. Rogers, who promptly telephoned to the office of his friend Warden Lawes at Sing Sing.

Six prison guards were immediately dispatched to Harmon and within a few minutes Greer was on his way back to a cell.

After telephoning to Sing Sing the agent at Harmon called Peter Brannigan, his baggage man, and hurried Brannigan up the track to place the supposed Greer under arrest for "trespassing on railroad property."

Brannigan found Greer without any difficulty and entered into conversation with him. The convict said he hoped to jump a west bound freight. Brannigan suggested that Greer go with him to the railroad station, promising to conceal him on a train.

"I'm afraid there'll be a 'bull' at the depot," the convict said. Assured that this was the "bull's" day off, he agreed. They were proceeding toward the station when Brannigan suggested that Greer go with him to the railroad station, promising to conceal him on a train.

The convict started to run and Brannigan leaped upon him. They were struggling when the guards arrived. Greer was quickly overpowered.

"What made you run away?" he was asked. "You'd have run away," was the answer, "if you had as long a bit ahead of you as I have." He has eighteen years more to serve.

Greer described as a nightmare the thirty-six hours he spent beneath the grandstand. He had obtained an extra uniform hat, coat and trousers, which he left in the attic of the cell.

### SISTER OF WARD, WHO DENIES SHE KNOWS OF PLOT

MRS. LELAND S. WOOD

### HUTCHISON MAKES 78, TOTAL 149, BUT KIRKWOOD LEADS

Has Amazingly Low Score in British Open Rounds—Barnes's Total 154.

SANDWICH, Eng., June 20 (Associated Press).—Jock Hutchison of Chicago, British open golf champion, turned in a card of 75 for his second qualifying round in the British Open Championship to-day. This gave him an aggregate of 149 for the two rounds.

Hutchison's second round was nothing like his sensational showing of yesterday, but he played sound golf, nevertheless. He had luck, too, in that he did not drop more than one stroke at the seventeenth, where he badly topped his second. His card read:

Out . . . . . 5 4 4 5 4 3 5 4 4 28 In . . . . . 4 4 5 5 4 4 3 5 40—78

Jim Barnes, American open golf champion, turned in a card of 72. This gave him an aggregate of 154 for the two rounds.

Barnes played brilliantly going out. His golf was flawless and he reached the turn in 33.

Coming home he made some mistakes in play, taking 39 for the journey.

Barnes was in some danger of failing to qualify during the day's play, but pulled himself together in magnificent fashion. He was bunkered at the second hole, but made a splendid recovery and got his four.

At the fourth he holed a five-yard putt and at the fifth he holed a putt of eighteen yards. On the next green, however, he took three putts. He pulled into the rough from the fourteenth tee where the wind was blowing

### WARD TO RENEW EFFORTS FOR EARLY TRIAL AND SAYS HE'LL TELL ALL ABOUT PLOT

### RUTH SUSPENDED AGAIN FOR ROW WITH AN UMPIRE

Laid Off Three Days for Disputing Decision in Yesterday's Game.

CHICAGO, June 20 (Associated Press).—Babe Ruth to-day was suspended for three days by President Ban Johnson of the American League for the altercation in yesterday's Cleveland-New York game which resulted in Umpire Dineen putting the home run slugger out of the contest after he had disputed a decision on Numanaker of Cleveland at second base. This is Ruth's third lay off of the season.

Ruth was out of the game at the start of the season as a result of a suspension by Baseball Commissioner Landis, and recently was given a one-day layoff and a fine by Johnson for an argument with an umpire at New York.

When he was suspended Ruth for the dispute at New York, Mr. Johnson let it become known that in fixing a slight penalty he had taken into consideration the fact that Ruth undoubtedly was in an upset mental condition over the Landis suspension and his failure to hit when he returned to the game. Mr. Johnson said he felt Ruth was "not himself," and really was not responsible for his actions on the day in question. Previous to this season Ruth had been punished by Mr. Johnson only once during his major league career.

"Every fact relative to the defense will be brought out at the trial—if necessary," Judge Mills said, "Walter S. Ward cannot be blamed for being unwilling to bring humiliation on his family until it is necessary."

"We cannot be expected to put forth our defense until the prosecution has made out a plausible case. We have not been able to learn by our own efforts or from what we have read in the newspapers that a case has been established. Before the end of the week John F. Brennan and myself will move for a copy of the minutes of the Grand Jury. It is the precedent in this county to grant such motions just as it is the precedent to grant an immediate trial when the defendant requests it."

"We shall ask, if we are not successful in having the indictment dismissed for lack of adequate evidence to support it that Justice Morschauser extend the June term of court into July and preside at a trial to begin about the middle of next month. When I was on the bench here it was always my custom at the end of the term to ask the District Attorney if there were any cases ready for trial and if there were the term was extended, and we tried them."

Mr. Mills intimated that George S. Ward, whose testimony as to a blackmail plot is urgently needed by District Attorney Weeks, will not return where he has to tell all he knows about blackmailers until he believes his absence puts his son in danger of conviction. Mr. Weeks may make the return of George S. Ward a condition for consenting to an immediate trial.

Subpoenas were issued to-day for witnesses to give testimony before the Westchester County Grand Jury tomorrow in addition to that gathered in the Morschauser John Doe hearings on the charge that the elder Ward is in conspiracy to prevent full justice in the case.

Among those called are Dr. O. H. Schell of No. 85 Meadow Lane, New Rochelle, who was called to the Ward home when Walter Ward drank toddie about two weeks before the killing of Peters, and Mr. and Mrs. Walter I. Shuman, neighbors who went to the Ward home during the stir caused by the efforts to relieve young Ward after the poisoning.

Mr. and Mrs. A. J. Hook, neighbors of the Ward's, who are believed to have been at a party given by Mrs. Ward the night before the killing of Peters, have also been summoned and an effort is being made to serve Mrs. M. W. Curtis of No. 151 Arlington Avenue, Brooklyn, Mrs. Ward's mother.

The testimony already taken at the John Doe hearings will be read to the Grand Jury.

The purpose of the whole proceedings is to determine whether there is ground for indicting George S. Ward

Former Justice Mills Will Move This Week for Examination of Grand Jury Minutes, He Announces.

Five Neighbors of Slayer Subpoenaed to Tell Jury of Party on Night Peters Was Killed in Westchester.

Former Justice Isaac M. Mills, newly retained as additional counsel for Walter S. Ward on the charge of having murdered Clarence Peters, said to-day that before the end of this week, and possibly this afternoon, the defense would renew its effort to get an immediate trial.

Mr. Mills further promised that if the prosecution makes out a case and shows that it is doing something more than fishing for information the members of the Ward family will disclose the nature of the blackmail threats which they held justified Walter Ward in shooting Peters.
